FOREWORD BY BILL HENDRICKS
President of The Global Centre for Giftedness

Retreats, camps, conferences,
and adventure experiences are
the places where the people of
God, the love of God, the truth
of God, and the grace of God
intersect. And at that convergence
– within the beauty of God’s
majestic creation – lives are
changed forever and ever.

— DAN BOLIN —

Description from Backcover

Few tools in God's toolbox are as effective as Christian camping. Children, young people, and adults make life-changing as well as eternity-changing decisions at camp. So, why does it work? Maybe the answer lies in God's magnificent design for our world. Maybe God built us to be campers! Maybe the more we align ourselves with God's design, the more we become aware of God's glory seen in creation and more open to the good news provided in God's Word.

blueprints examines several biblical passages to discover God's design for Christian camping. And to understand why the ingredients of time, relocation, relationships, creation, and spiritual intents coalesce to form the recipe for transformational moments.

Dan Bolin, Author

Dan Bolin worked 25 years at Pine Cove Christian Camps near Tyler, Texas. He served on the board for Christian Camp & Conference Association for 12 years including two years as chair. In his role as International Director of Christian Camping International he spent 11 years training and encouraging Christian camping leaders in more than 30 countries. Dan and his wife Cay currently live outside of Washington DC, near their daughter, son-in-law, and two delightful grandchildren.

Why Blueprints?

Christian camping is mushrooming around the globe. The unique expressions that are emerging in Africa, Asia, and Latin America arise from committed, energetic, sacrificial leaders who work tirelessly to share God's love and God's Word with their campers.

Christian Camping International (CCI) provides the connection point for information to flow and relationship to blossom within the worldwide Christian camping community. Together, Christian camping leaders from all corners of the world share best practices, face common challenges, and encourage one another.

The prayer of Refueling in Flight is that by partnering with CCI and other like-minded ministries, this book will produce a double blessing – a blessing to the readers and a blessing to the leaders of the Christian camping movement worldwide.

Proceeds from BLUEPRINTS will support the Christian camping movement around the world.

In addition, you can donate directly to our **Blueprints Bonus Box** project. For each **Blueprints Bonus Box** donated - Refueling in Flight Ministries will ship 50 books (one Bonus Box) to a Christian camping ministry overseas. Some of the countries included in the Bonus Box Project: India, Philippines, Jamaica, Kenya, Ghana, Ivory coast, Nepal, South Africa, Ethiopia, Uganda, Zambia, Tanzania, Nigeria. A \$650 donation will cover the cost of shipping and 50 books.

Two chapters into Blueprints I found myself thinking, “We need to buy a copy of this book for all of our new staff members at Hume. It’s foundational in that it answers the question from scripture, “Why Christian camping?”

CEO OF A CAMP?

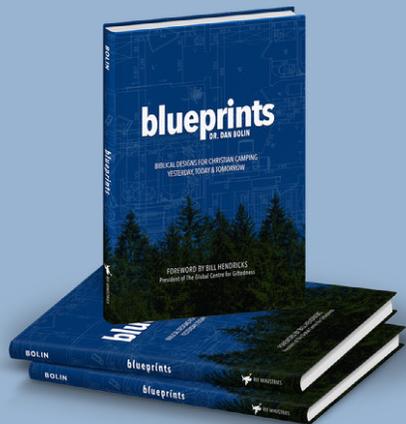

Looking for a gift for your board?

Board members of Christian camps generally understand the powerful impact that God makes in people's lives at camp. They give sacrificially of their time, talents, and treasure to support their camp's ministry. But they don't always know why camp is so effective.

Blueprints is designed, in part, to provide board members with the insight they need to understand that Christian camping is not just a fun addition to 'real ministry'

On the side of a stream, at the base of a mountain, in a forest glade, God speaks through what He has made. And Christian camps provide the context for that to happen.
